Course Name: **ED 200 (03)**

Course Title: **Teaching as a Profession**

Surveyed (i.e. enrolled): **27**

Completed an evaluation: **24**

Completion rate: **89%**

Comments

There is a ton of coursework for this 2 credit class and it definitely felt like it had a 3 credit course load of work.
Honestly this has been one of the most impactfull classes I have taken in my time here at BYUI. Bro Pa literally has assignments for us to meet him for office hours. I have been able to meet with him in ways I have not been able to with other faculty. The only criticism was that the reading checks, or more specifically what we were supposed to read was confusing. I think the reading checks in canvas could have what we are supposed to learn in that assaignment. Needing to go to look at the coure callender was initially confusing.
This was a very important class and it helped me learn a lot about what kind of teach I want to be.
It was an amazing class, I feel like sometimes the direction class went was slightly unclear, but overall it was a very great class. Bro Pa definitely expects a lot and loves a lot.
BroPa is amazing! He knows so much and is enthusiastic about sharing his knowledge and enthusiasm for teaching with us. I can tell BroPa cares about us as more than just numbers, he wants to know that we are succeeding and are doing well outside of class too.
There was a lot of work for a two credit course, however it was worth it in the end.
You have been my favorite teacher I have ever taken.
I really like how personable Bro Pacini is. You can really tell how much he cares about his students. He takes our feedback and uses it to better the class.
