Subject: Workshops

So Ben and I talked and we want to start working on your workshop requests you submitted last semester. We thought we'd throw out the most popular topics and see if anyone wants to facilitate those. Should you choose to facilitate a workshop, you'd need to make the following decisions:
1) How many times will I offer this workshop throughout this semester?
2) Will this topic be several workshops or just one?
3)What times can I offer this workshop?
4) Where will I hold this workshop?

The popular topics are:
1)Increasing student engagement and educational ownership.
2) Promoting emotional resilience.
3)Creating a course that better attend to the 4 university learning outcomes and
5)Fostering experiential learning.

I plan on offering a workshop on student engagement. Let me know if you'd want to facilitate workshops on any of these topics. I can help you get the workshop times onto the calendar and get people invited so the Cohort can make choices about what they'd like to learn about. Ben and I can also serve as help and support as you prepare your workshop. Have a great day!

- Anna
